NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf
that I went about my Museums, Circus and Theatre giving
directions and doing business with a big ear-trumpet at
the side of my head. It was very annoying to me and
amusing to those who saw me. By the advice of physi-
cians I sought the climate of the Sunny South. In six
months I could see no change and was discouraged. At
this time I began using Chalmer's English Catarrh Cure.
1 three months I felt a new man, in six months my hear-
ing returned. I refused to give a testimonial at once for
the English Catarrh Cure, as I feared it was not perma-
nent. But a year and more has now passed, and I can
now heartily indorse Chalmer's English Catarrh Cure for
the cure of catarrh and deafness.

OFFICE:—In First National Bank. my11

The Senate Wednesday evening passed 09 pension bills in 50 minutes.

The Senate has concurred in the House amendments to the Direct Tax bill, which now goes to the President for his signature.

The Senate, Thursday, passed Stewart's bill providing for the opening to settlement of abandoned military reservations in Nevada.

Representatives of the backers of Jake Kilrain have decided to cover John L. Sullivan's deposit of \$5,000 at the New York Clipper office.

It is reported that after his term expires Mr. Cleveland will accept an important financial position in New York. Wall street owes him something.

In five months and fifteen days the Fifty-fifth Congress has appropriated \$34,000,000 for river and harbor improvements—a great deal of bread cast upon the water that will never return.

The Secretary of the Navy has invited proposals for the construction of an African coast defense vessel of 4,000 tons, exclusive of armament. Bids will be opened at noon on the 20th of February.

Senator Teller has introduced a resolution to investigate alleged irregularities and violations of law in the office of the Supervising Architect of the Treasury Department in connection with the selection of sites for Government buildings.

Senator Hoar has presented a petition to the Senate signed by women and citizens of Massachusetts praying for a Constitutional amendment prohibiting the interference of any religious sect with the system of common public schools.

It is said that an effort will be made when the California Legislature meets to disorganize the county of Alpine and have that territory attached to Mono. The residents of Alpine will make a fight against the proposition, and will ask to be let alone.

Dr. Newmons Auguste, an Ambassador of the Haytian insurrectionists to the United States and Charles A. Jackson of New York, his attorney, arrived in Washington last night and will attempt to interest this Government in the cause of the insurrectionists.

The Chief of the Secret Service Division of the Treasury Department, in his annual report says: The representative value of counterfeit money captured during the year was \$2,117,523, of which over \$2,000,000 were imitations and fac similes of notes. There were also captured 85 plates, 40 dies, 48 moulds and a large quantity of counterfeit paraphernalia.

The trouble between the Pullman Company and the Southern Pacific over the matter of allowing Pullman conductors on the vestibule trains has been settled. The Pullman knights of the punch will be allowed on the "Golden Gate special" between Ogden and San Francisco, but they have had their wings clipped to the extent of not being allowed to handle any of the Southern Pacific Company's money. It matters not what Pullman conductors may do on other roads, the Southern Pacific people are going to have their money handled by their own conductors.

California on Wheels.

General Passenger Agent Tebbets, of the Union Pacific Railroad telegraphed to the California State Board of Trade Thursday that the cars containing the exhibit of California products had arrived without mishap at Omaha, and would be thrown open to the public to-day and the day following. A number of newspaper men went out twenty-five miles to meet the cars, and are now engaged in writing up the exhibition. All who have seen the fruits, etc., have expressed great surprise that California could make such a showing, especially at this time of the year, when at Omaha it is exceedingly cold. The enterprise has the brightest prospects of success.

A Deluded Fellow Preparing for His Inauguration as President.

WASHINGTON, Dec. 20.—Another Presidential crank, this time from Pennsylvania, arrived at the White House to-day. He gave his name as Hoover, and claimed that he had been elected President by the Independents and the Knights of Labor. He is a friend of Powderly, was adorned all over with decorations and brass buttons, and desired to see the President to make arrangements to be inaugurated. He was taken in custody by the police.

STANLEY AND EMIN BEY.

The Story of their Capture Now Discredited—A German Relief Expedition to be Started Immediately.

LONDON, Dec. 20. At a meeting to-day of the Council of the English East Africa Company, the majority of whom are concerned in the Emin relief expedition, the conclusion was reached that Stanley had arrived at Wadelai after Emin had started on his march toward Lado to encounter the Mahdists, and that Stanley is still awaiting Emin's return. The Council think that Stanley is the white traveler whom Osman Saleh says he is searching for.

BERLIN, Dec. 20.—The Emin Relief Committee announce that after a careful examination of Osman Digna's letter they have concluded that the proof of Emin Pasha's capture has not been established. They will therefore start Lieutenant Wissman's expedition for Emin's relief at the earliest possible moment.

The Latest From Stanley.

ZANZIBAR, Dec. 21.—Letters dated Stanley Falls, August 29th, delivered here by Tippoo Tibs men, state that a letter was received at Stanley Falls from Henry M. Stanley on August 28. Stanley was then at Bonyala on the Arwybimi, where he arrived August 17. He left Emin Pasha 82 days before in perfect health and provided with plenty of food. Stanley has returned to Bonyala for loads of stores in charge of his rear guard and intended to leave ten days later to rejoin Emin. He reported all the whites in the expedition healthy, and said the expedition wanted nothing.

LONDON, Dec. 23.—The West African Telegraph Company has received the following dispatch from Parsons, agent at St. Thomas, dated Friday, 2 P. M.: "I have received information that Henry M. Stanley and Emin Pasha have arrived in Aruvhi. The news is reliable, and further details will follow."

No Faction to Be Represented.

NEW YORK, Dec. 19.—Levi P. Morton last night held a formal conference with Thomas C. Platt and the leaders of the Platt faction, at the Fifth-avenue Hotel. He informed them that Harrison had decided not to call a leader of any faction to his Cabinet. If New York can not unite on some one, the State will not be represented.

It is generally believed that John Sherman has been offered and accepted the State portfolio.

San Francisco's Public Building.

WASHINGTON, Dec. 20.—The conferees on the bill providing for the purchase of a site for a public building at San Francisco held a meeting to-day, the result of which was that the House conferees decided to recommend that the House recede from the amendment reducing the appropriation from \$800,000, as proposed by the Senate, to \$600,000, as voted by the House.

Senator Sherman's Pension Bill.

WASHINGTON, Dec. 20.—In the Senate to-day Sherman introduced a bill to pay soldiers of the late war who were promoted while serving, the bounty they would have been entitled to had they not been promoted. The same provision is made with regard to soldiers discharged on account of diseases contracted.

MR. BLAINE.

The S. F. Call says: Two New York papers, one Republican and one Democratic, have declared explicitly that Mr. Blaine has been offered the portfolio of Secretary of State and that he has accepted it. It is quite probable that the report is true. There is no reason why it should not be true. The belief is general that Mr. Blaine could have been nominated in place of Harrison if he had so desired. Whether he would have been elected if nominated is another question. He had the confidence of his party to such a degree that he might have been a second time their Presidential candidate. If Mr. Harrison invites Mr. Blaine to the head of his Cabinet he will only show a confidence in Mr. Blaine that the party that elected him has already expressed. Mr. Blaine has a certain advantage. Mr. Sherman would have beaten Harrison if he could, whereas Blaine could, probably, have had the nomination if he had wanted it. To say nothing of personal gratitude the fact that Mr. Sherman counts for something, which is nearly as important as the part of Secretary of State. He is not only a leading Senator, but the experienced Chairman of the Committee on Foreign Relations. Any policy which the State Department outlines must be submitted to Congress and passed upon by the two Houses. In respect to treaties the Senate is the all-powerful body. The difficulty of getting a bill through the Senate relating to foreign affairs without the sanction of the Chairman of the Senate Committee has often been demonstrated. The Administration will be stronger therefore with Sherman in his important place at the head of this committee and Blaine in the Cabinet than if Sherman were taken from the Senate and placed at the head of the State Department. Even if Blaine should be elected to the Senate he would not be appointed to the head of any committee, not to speak of one of the importance of that of which Mr. Sherman is the head, during his first term.

REFORM SUGGESTIONS.

The Silver State says:

An interesting letter from Washoe county, which has been the "Cradle of Reform" in Nevada, is printed in the Silver State to-day. The suggestions are good, and should be embodied in enactments by the Legislature, which is to meet at Carson next month. That body has no United States Senator to elect this year, so it should eschew partisanship, and devote its time and ability to economic measures for the benefit of the State. Reform should be the order of the day, as the necessity for reducing State expenses is conceded by all who give the subject a moment's thought. Deputies to the State House should be wholly dispensed with, as the impoverished condition of the State does not justify taxation for the payment of salaries of officials who perform no labor, and the Legislature can exemplify what may be done in this direction by making the session as short as possible. The active men, who mean business, and go to Carson to represent their constituents, can at least make an effort to expedite legislation, and, if retarded by the drons, fix the blame where it properly belongs, so that the people will know and remember the obstructionists.

Another Old Pioneer Passes Away—A Short Biographical Sketch.

The Enterprise, of yesterday, contains the following:

A special dispatch received at this office last evening from Woodland, Cal., announced the death of Charley Legate at that place, of dropsy.

Charley Legate was born at Indian Point, Wisconsin, about the year 1828. He came to California in '49, and was a member of the Pacific Coast Pioneers. For a few years he was a chief cook on the Sacramento river boats. Subsequently he conducted a restaurant business in Marysville and other California towns.

He came with the flush of the first excitement on the Comstock, and engaged in the restaurant business continuously until about six years ago, since which time he has not been in business for himself. When the Nevada Insane Asylum was started he was placed as head cook of the institution, a position which he retained until a few months ago, when he was obliged to leave on account of sickness. Shortly after he went to Woodland in the hope of being benefited by the change of climate, but gradually declined until relieved by death.

Charley Legate was a cynic, but in speech only. A warmer and kinder heart than his never shot warm blood through veins. After doing a business on this side of as high as \$500 and \$1,000 a day, he was finally forced to return to wage work in his old age by the unrelenting hand with which he dealt with his fellowmen.

He leaves a wife, who keeps a lodging house in this city, and a grown son, now living in San Francisco.

Prepared for "Bucking" Snow.

Fall preparations have been made by the Southern Pacific for "bucking" snow on the Ogden line this winter. As yet there has been no trouble from snow, and it is believed that with the present means of keeping the track clear there will be no time lost by through trains on that account, even though there should be an unusual fall in the mountains.

The company has a new \$12,000 rotary snowplow which it will turn loose on the first occasion, and it has little fear that it will be unable to do the work cut out for it. If it should prove as successful as is hoped other snowplows of the same pattern will be ordered from the East. There has not yet been enough snow to thoroughly test the merits of this new machine. The snowplows on the Central Pacific are in good repair, about \$80,000 having been recently spent in their reconstruction.

The Largest Number Yet.

Mr. Fillmore told the S. F. Chronicle reporter that the "Golden Gate special" which will pass through Reno today, left Omaha on time Wednesday with thirty passengers. This is the largest number yet carried on the train, and it now looks as if a success would be made of the venture.

The railroad people say, however, that the experiment has cost a good deal of money, and some of them are inclined to the belief that if the train is to be maintained it will be at the expense of the regular through business, as it draws chiefly from the "overland flyer." There were twenty-five single berths and a drawing room taken on the present trip to San Francisco.

A Rich Mine

In proof of what has so often been asserted in this paper, says the Carson Tribune that the State, in point of mineral wealth, is but in its infancy and that the C. & C. R. R. Company has opened up the great belt, the result of working twenty tons of ore from the Pamlico mine, in the Hawthorne District, is all sufficient. The bullion was shipped to the Carson Mint Monday last and the result was \$34,021 68. Who talks of Nevada as a default mining State.

Dollar Meals for 25 Cents.

J. W. Killeen, proprietor of the Pollard House, thankful for the patronage he has received during his two years' past residence in Reno, respectfully solicits the continuance of the same from his many kind friends and patrons.

In observance of this merry season of good cheer and good will to all men, Mr. Killeen will from now on, through joyous Christmas and on to the glad-some New Year, daily furnish a sumptuous dollar meal at his commodious hotel for the price of only 25 cents.

The Origin of the Drummer.

The name is taken from the dromedary, which animal is called by the Arabs "the ship of the desert." This animal makes long trips that none other could stand, and in fact gets over more ground in a given length of time than any other beast that Captain Noah had in his menagerie, and drinks enough ahead to last him on a very long trip, but the drummer! Well, let the subject drop. The origin of the term is found, and the writer demands a chronicle.

Happiness and Health

Are important problems, the former depending greatly on the latter. Everyone is familiar with the healthy properties of fruit, and no one can afford to be sick and miserable while the pleasant California concentrated liquid fruit remedy, Syrup of Figs, may be had of our enterprising druggists. Sold by Wm. F. Pinner, Reno.

WHITE SAGE AND PINE NUTS.

A Suggestion that One be Sown for Forage and the Other Planted for Fuel.

The Silver State says:

The Eureka Sentinel recommends the sowing of white sage seed for cattle feed, and of pine nuts for fuel, in the ravines and valleys of the State.

If the National or State Government would make an appropriation for carrying this recommendation into effect, great benefits might result from it. R. T. Evans, an extensive stock owner in this county, says the white sage in the northern part of Humboldt and the adjacent valleys of Elko grew more luxuriantly this year than for years before, notwithstanding the drought. It furnishes excellent winter feed for cattle and is not affected by the dry season. It is indigenous to Nevada and while it does not abound in all the valleys, it would doubtless grow and flourish wherever ordinary sagebrush is found. At any rate the expense of giving it a trial in a small way would not be very great, and stockmen, who own extensive tracts of land, should try it.

As the nut pine is not indigenous to Northern Nevada, though there are forests of it in Southern Humboldt, it is possible that it might not thrive north of the Central Pacific Railroad, but as the nuts can be procured from the Indians in the Fall, the experiment of raising the wood for fuel could be tried. The nuts brought from the forests by the Indians are all roasted, however, and the seeds would have to be specially procured.

Short and Long Courtships.

Daisy Dandelion, Essex, Ct., is perplexed over the question of short and long courtships, and wants our advice. Well, Daisy, it is hard to make a rule to fit every case, but in general we will say that long courtships are not advisable. Many women, pale, haggard, and worn, wasted from long continued uterine ailments, are forced to banish all thoughts of marriage. Such unfortunate sufferers should know that Dr. Pierce's Favorite Prescription is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weaknesses," anteversion, retroversion, "bearing-down sensations," chronic congestion, inflammation, and ulceration of the womb, inflammation, pain and tenderness in the ovaries, accompanied with "internal heat."

For all derangements of the liver, stomach and bowels, take Dr. Pierce's Pellets.

Must Disgorge Forthwith.

The Virginia Chronicle says: The suit of the creditors of the Bank of Gold Hill against C. C. Stevenson, W. H. Blauvelt, D. O. Mills and other subscribers of the capital stock of the suspended bank, who had not paid up the full amount of their subscriptions, to compel them to do so, the money to be applied to the liquidation of the bank's liabilities, decided in favor of the creditors by the District Court, was appealed to the Supreme Court. That tribunal has just rendered a decision affirming that of Judge Rising. D. O. Mills, C. C. Stevenson & Co. will now be compelled to fork over forthwith.

A Card of Thanks.

WADSWORTH, Dec. 20, 1888. The undersigned take this method of returning their sincere thanks to the citizens of Wadsworth and vicinity, for their many acts of sympathy and kindness extended to themselves and their sister, Mrs. Babcock, during her last illness and are especially grateful for the marks of respect and affection manifested for her after her death.

WM. DONALDSON,
MRS. S. A. LINTON.

K. of H.

At a regular meeting of Nevada Lodge, K. of H., at 1. O. O. F. Hall, Thursday night, the following officers were elected for the ensuing year: S. Emrich, Dictator; H. J. Berry, V. D.; S. Jacobs, A. D.; J. G. Becker, T.; P. H. Mulcahy, R.; T. V. Julien, F. R.; S. Upson, G.; N. C. Hammersmith, C.; V. L. Chuecovich, I. G.; J. J. Becker, Morris Ash and N. C. Hammersmith, Trustees. The newly elected officers will be duly installed next Thursday evening.

Ready for Business.

M. E. Gilmore, the well-known contractor, has embarked in a new line of business and opened a first-class tobacco and notion store in the Nevada Theater building, opposite the Depot Hotel. He has laid in a large stock of the best cigars, tobacco, cutlery and notions to be had in the market.

He will soon open an additional department, in which he will conduct a brokerage business, loan money and negotiate on securities.

A Reward.

A reward of \$1,000 is offered to anyone who can find in Reno a stock of candies as large and as choice as the Palace Bakery carries. If you buy anywhere else you cut your own nose. Our prices are graded according to quality. No terra alba or poisonous colors in ours.

A Plute Elopement.

Plute society has a sensation, says the Winnemucca Silver State, caused by the elopement of Unionville Jack's wife with a young buck. Jack is disconsolate, and telegraphed to Battle Mountain to his friends to intercept the runaway, who are supposed to have left for Austin.

Commencement Exercises.

The High School Department of the Reno Public School held its Commencement exercises in the Baptist Church last evening, and the building was crowded to its utmost by the friends and patrons of the school. Professor Ring has reason to feel proud of the way the scholars acquitted themselves, and Reno that she is possessed of such excellent facilities for educating the young blood growing up in the town and county. If there is any one thing that Reno does boast of it is her excellent public school system.

Masonic Meeting.

There will be a called convocation of Reno Lodge, No. 13, F. & A. M., held at Masonic Hall on Saturday evening December 22, for the purpose of work in the Third Degree. All members in good standing are respectfully invited to attend. By order of the W. M.

S. M. JAMISON,
Secretary.

Justice Court Yesterday.

George Miller, arrested for disturbing the peace, pleaded guilty, and was ordered to appear for sentence this morning, but he will probably fail to appear.

A. J. Howland, who has just finished a term in States Prison, was also taken in for disturbing the peace, and given time to "go west."

It is alleged that a conspiracy has been discovered in the Western Union office at Boston, ranging from officials to messenger boys, by which a system of stealing has been going on.

Syrup of Figs

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when Bilious or Costive; to dispel Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Finner, Reno.

DON'T

Let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Bochee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is, themselves." Bottle only 75 cents. Ask any druggist.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw 1-17

250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

Has 5,000 Population and is Growing Rapidly.

The Loveliest Town!

The Cleanest Town!

The Wealthiest Town!

The Healthiest Town!

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops.

Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
